### SAMPLE ROASTER

The WPG1 & WPE1 sample roaster enables you to find your perfect roast. It's the only sample roaster in the market that allows you to retrieve data and create a roasting profile. Designed with three cooling trays, it is possible to experiment, test and compare. By controlling drum speed, airtpeed and

temperature, you can control the entire roasting process. The industrial look and feel makes it the perfect model to place prominently in a store or bar. This sample roaster is available in two variations, the WPG1 gas roaster and the WPE1 electric roaster.

### WHAT OUR CLIENTS SAY ABOUT OUR WPG1/WPE1:

"Adding a roaster to your coffeeshop opens the door to creating your own brand of roasted coffee, attracting new customers, and furthering your 'coffee mission'." - Giesen Indonesia
